### Annual Disclosure Form (PHS & NSF)

Federal requirement for projects sponsored by PHS/NIH, NSF and other sponsors applying the financial conflict of interest regulations set forth by 42 CFR Part 50 Subpart F, and 45 CFR Part 94 NSF in its Award and Administration Guide (AAG) Chapter IV.A.

**WHAT SPONSORS DOES IT APPLY TO:**
An Annual Disclosure Form (PHS & NSF) is required for any sponsor applying the financial conflict of interest requirements detailed in 42 CFR Part 50 Subpart F, 45 CFR Part 94 and those set forth by the NSF in its Award and Administration Guide (AAG) Chapter IV.A. This includes NSF, CIRM, PHS (NIH, CDC, HRSA, FDA, SAMHSA, HIS, ATSDR, AHAQ) and other sponsors electing to apply similar conflict of interest requirements. A list of entities following the PHS disclosure standard can be found on the FOP website's 'List of Agencies using the PHS FCOI Regulations' [http://sites.nationalacademies.org/PGNfdp/PGA_070S96](http://sites.nationalacademies.org/PGNfdp/PGA_070S96).

**FLOW-THROUGH:**
An Annual Disclosure Form (PHS & NSF) is required for flow-through funding from prime sponsors that would normally require the disclosure.

**WHO MUST SUBMIT IT:**
The lead PI and all individuals involved in the design, conduct and reporting activities associated with the project (as listed on the Design, Conduct and Reporting (DCR Personnel Form).

**WHEN IS IT REQUIRED:**
Completed disclosures should be filed within the Office of Research Conflict of Interest electronic disclosure system (ORCOI) for all investigators identified by the DCR Personnel Form and must be received by the Office of Research prior to proposal submission. For PHS/NIH a disclosure must also be collected at revised budget or JIT stage. Additionally, it must be collected annually during the course of the award, typically with continuation funding or when processing a no-cost extension. Investigators who have previously disclosed through the Office of Research Conflict of Interest electronic disclosure system (ORCOI) are responsible for updating their disclosures as circumstances change or within 30 days of any addition or subtraction of outside activity.

**SUBRECIPIENTS:**
A sub-recipient's compliance with the Federal regulations can be determined by their answers on the Sub-recipient Commitment Form. If the sub-recipient indicates that they do not have their own FCOI compliant policies and procedures, an Annual Disclosure Form (PHS & NSF) will need to be collected for all named PIs and Co-PIs. Keep in mind that a signed Sub-recipient Commitment Form must be received by SPO prior to proposal submission for all sub-recipients to certify their compliance with Federal regulations.
