COS Funding Opportunity Database Training

Information Presented:

- The Office of Research will hold a training session about the COS funding opportunity database (www.cos.com) and the recently added Funding Alerts feature. COS is the leading global resource for hard-to-find information critical to scientific research and other projects across all disciplines. Find funding with COS Funding Opportunities by searching the world's most comprehensive funding resource, with more than 25,000 records worth over $33 billion.

- In the hands-on session, you will learn how to assist your PIs and set-up an account, create a profile, perform searches, and create targeted funding alert e-mails.

Instructors:

- Whitney Winn - Research Development Analyst
- Meredith Murr - Director of Research Development

Date:

- Wednesday, September 15, 2010
  Time: 9:00 - 10:00 am
  Location: Instructional Computing Miramar Lab (Phelps Hall 1526)

Registration:

- Enrollment is limited to 25. To register for the class, please visit the UCSB Learning Center website at http://learningcenter.ucsb.edu
- Once you have signed in type in COS in the search box

If you have questions regarding this class, or other training opportunities offered by the Office of Research – Sponsored Projects, please email us at training@research.ucsb.edu
