

Dear ARC Users:

Internal guidance from the Office of Budget & Planning (B&P) requires Income and Recharge proposals to be reviewed annually. The ARC's recharge proposal for the next fiscal year (FY) has been reviewed and approved by B&P and endorsed by the Office of Research. The subsidized rate, which is the rate billed to our internal users, will remain unchanged. The new rates went into effect on July 1, 2024.

ARC Animal Husbandry & Care Recharge Rates FY2024-25
