Sponsored Project Award Totals

The total funding awarded to sponsored projects at UCSB from July 1, 2009 to June 30, 2010 (Fiscal Year 2010) was a record \$222 million. This is an increase of 28 percent over last year's total of \$174 million and represents a doubling of extramural funding over the last ten years.

Awards by Sponsor Type (Including Direct Federal Sponsors)

\$222 M
Total Awards

Federal research funding for UCSB in 2009–10 increased 30 percent from 2008–09 levels. UCSB received \$192 million in direct and indirect federal funding, which represents 87 percent of the total sponsored project awards.

* Funds in the Indirect Federal category were awarded initially to another institution by the federal government for a multi-institution project, then flowed through for work performed at UCSB.

American Recovery and Reinvestment Act Funding

Record funding levels can be linked directly to the effect of the American Recovery and Reinvestment Act (ARRA), from which UCSB received \$39.5 million in 2009-2010. These ARRA funds were awarded through extremely competitive programs run by federal research agencies.
